

The Jordanian Society for Fertility and Genetics

The Scientific Program

Thursday 10th. March 2022

Registration

08:00 – 09:00

TIME	TOPIC	SPEAKER
09:00 – 09:25	Individualized trigger and strategies to improve the number of mature oocytes	Alberto Vaiarelli
09:25 – 09:50	Luteal phase support after GnRH α trigger and fresh embryo transfer	Peter Humaidan
09:50 – 10:15	How to prepare a frozen embryo transfer	Christophe Blockeel
DR ZAID KILANI MEMORIAL LECTURE		
10:15 – 10:45	Why doesn't the ovary benefit from the longevity dividend, which has doubled the life expectancy of every other organ?	Gerald Schatten
10:45 – 11:00	COFFEE BREAK	--
ARAB FERTILITY GROUP SESSION		
11:00 – 12:10	Management of myoma in IVF.	Abdulmajeed Ramzi
	Evidence based management of Recurrent implantation failure.	Marwan Halabi
	Optimal COS Strategy in IVF/ICSI - Cycle	Fadia J Alizzi
	Modern Management of OHSS	Khaldoun Sharif
12:10 – 12:35	Monitoring mid-luteal P4 levels - the way to increase results in ART?	Peter Humaidan
12:35 – 13:00	Infection and infertility	Georges Abi Tayeh
13:00 – 14:00	LUNCH BREAK	--

The Jordanian Society for Fertility and Genetics

The Scientific Program

Thursday 10th. March 2022

Registration

08:00 – 09:00

MEET THE EXPERTS SESSION

14:00-15:00	Update on the management of poor responders	Alberto Vaiarelli Christophe Blockeel Peter Humaidan Georges Abi Tayeh
-------------	---	---

EMBRYOLOGY LAB INSIDER

15:00 – 15:25	The competence of the outsiders: poor quality and mosaic embryos	Danilo Cimadomo
15:25 – 15:50	Sperm selecting using microfluidic methods	Allan Pacey
15:50 – 16:15	Different possibility is morpho-dynamics of embryo preimplantation development and euploid	Danilo Cimadomo

16:15 – 16:30 COFFEE BREAK --

PERSONALIZED BASED MEDICINE IN IVF

16:30 – 16:55	Personalized stimulation protocols to shorten time to live birth	Alberto Vaiarelli
16:55 – 17:20	Why and when FSH/LH combination towards individualized COS ?	Luciano Nardo
17:20 – 17:45	Optimization of the follicular phase in IVF	Christophe Blockeel
17:45 – 18:10	Add-ons	Matheus Roque (Online)

20:00 – 22:00 GALA DINNER --

The Jordanian Society for Fertility and Genetics

The Scientific Program

Friday 11th. March 2022

Registration

08:00 – 09:00

TIME	TOPIC	SPEAKER
REPRODUCTIVE SURGERY		
09:00 – 09:25	Infertile women with Endometriomas: Surgery first or IVF and "freeze all" first?	Dimitrios Kafetzis
09:25 – 09:50	Sclerotherapy and plasma jet: a novel approach to treat endometrioma	Horace Roman
09:50 – 10:15	Diagnostic hysteroscopy (tips & tricks)	Stephan Gordts
10:15 – 10:30	COFFEE BREAK	--
ANDROLOGY		
10:30 – 10:55	Possibilities of hormonal treatment of male infertility	Antti Perheentupa
10:55 – 11:20	Update on sperm retrieval techniques	Giorgio Franco
11:20 – 11:45	The role of infertile male evaluation in the era of ICSI : is it necessary ?	Abdel Latif Abu Khadra
11:45 – 12:10	Where will male infertility be in 5 years time	Christopher Barratt
12:10 – 13:30	Jummah prayer Lunch	--

The Jordanian Society for Fertility and Genetics

The Scientific Program

Friday 11th. March 2022

Registration

08:00 – 09:00

ARTIFICIAL INTELLIGENCE AND TECHNOLOGIES IN IVF

13:30 – 13:55	Existing AI applications in IVF	Jan Choma
13:55 – 14:20	Digital transformation in contemporary IVF laboratory: promises and pitfalls"	Necati Findikli
14:20 – 14:45	Artificial intelligence definitions and first applications in IVF	Danilo Cimadomo
14:45 – 15:10	Non-invasive genetic testing of embryos - our experience in Orchid IVF for the past 1 year and the global knowledge	Dimitrios Kafetzis

15:10 – 15:30 COFFEE BREAK --

15:30 – 15:55	AI assisted decision supporting tools of stimulation protocols	Jan Choma
15:55 – 16:20	Omics technologies in contemporary reproductive medicine: an update	Necati Findiki

FERTILITY PRESERVATION & ART UPDATE

16:20 – 16:45	A new treatment for infertile patients with ovarian dysfunction	Kazuhiro Kawamura (Recorded)
16:45 – 17:10	Fertility issues for men with cancer	Allan Pacey

17:10 – 17:20 COFFEE BREAK --

17:20 – 17:45	Stem cells and tissue transplant therapies for male infertility	Kyle Orwig (Online)
17:45 – 18:10	Stems cells for Premature Ovarian Failure and Refractory endometrium: Current applications and Future hopes	Dimitrios Kafetzis

18:10 – 18:35 Egg Freezing Luciano Nardo

18:35 – 19:00 CLOSING Khaldoun Khamaiseh
